ISSUE BEFORE THE COMMISSION

Draft Citizen Involvement Element - Study Session

BACKGROUND

On February 22, 2018, the Planning Commission held a study session to continue their work on a draft Citizen Involvement Element for the Comprehensive Plan. Commissioners discussed the draft and provided Staff with some direction to update the plan in the same format as the other recently approved comprehensive plan elements. Staff also made a few minor text changes, again to be consistent with common wording in the other elements.

Staff also notes that some of the implementation strategies are repeated multiple times throughout the draft element and recommends the Commission discuss the repetitive strategies and determine if they are in fact necessary.

Additionally, in an attempt to be consistent with the other elements, Staff recommends using the following hierarchy when organizing the element.

Policy

 Objectives

 Implementation Strategy

 Implementation Steps

These recommended formatted changes have been incorporated into the draft for your review, however, some of the implementation strategies need to be developed. Staff can provide some draft language for these sections if directed to do so by the Commission. The additions would be presented during the April 26, 2018 Planning Commission meeting.
